Nestled on the banks of the Illinois River at the edge of the Sankoty Aquifer, Sankoty Lakes is a stunning wilderness resort and retreat in Spring Bay, Illinois. Its lakes are home to some of the cleanest, clearest water on Earth.

This level of water quality presents a unique opportunity to raise over 20 species of fish in our state-of-the-art fish hatchery and our mile-long trout stream. Additionally, Sankoty's unique location along the river and controlled-cell wetlands attracts thousands of migratory waterfowl every year.

Sankoty Lakes offers some of the most amazing fishing, birdwatching, photography and outdoor adventure experiences in the world.

From incredible fly fishing and traditional fishing to hunting, hiking, biking, canoeing, kayaking, swimming, birdwatching, and endless outdoor adventures on water and land, Sankoty has something for everyone, regardless of age or ability.

Come for the day or plan a long-term stay. We offer a beach pavillion and bath house, RV camping, glamping cabins, ADA cabins, and a private guest ranch at The 1840 Ranch just a few miles away. Cap off the perfect day with a hearty meal and drink or by roasting marshmallows over your campfire.

SPRING BAY ROAD (ROUTE 26)
